Help Children Near You

The ABA [Children's Immigration Law Academy \(CILA\)](#) invites you to help children in immigration proceedings. CILA hosts an easy-to-use online platform that acts as a virtual bulletin board featuring cases of children and families who need pro bono representation nationwide. View CILA's platform to connect to a meaningful pro bono opportunity near you!

[Pro Bono Matters for Children Facing Deportation](#) allows lawyers to find available pro bono cases to represent unaccompanied children in removal proceedings. Thousands of children must face immigration judges each year without appointed counsel. Many children have legal relief available that could offer them protection and more security in the United States. The only thing missing is knowledge and guidance to navigate the system. Your representation makes a significant difference in the lives of children facing deportation.

VISIT THE ABA CILA PLATFORM TO VIEW AVAILABLE CASES

- ✓ View available cases on the ABA CILA platform to see cases of children who need pro bono representation.
- ✓ Use the search and filter functions on the platform to find a case.
- ✓ When you find a case that you would like to work on, express interest!
- ✓ You will be connected with the legal service provider who posted that case, who can provide you with more information and get you started.

USE THE ABA COI AND ABA CILA RESOURCES TO HELP YOUR REPRESENTATION

Many legal service providers who post cases on the platforms provide resources and mentorship to help with your representation. In addition, ABA COI and ABA CILA provide volunteers with voluminous libraries of training videos, written manuals and resource guides, and other technical assistance to help support your pro bono work.

We have included a list of states and organizations with case cards on CILA's platform!
