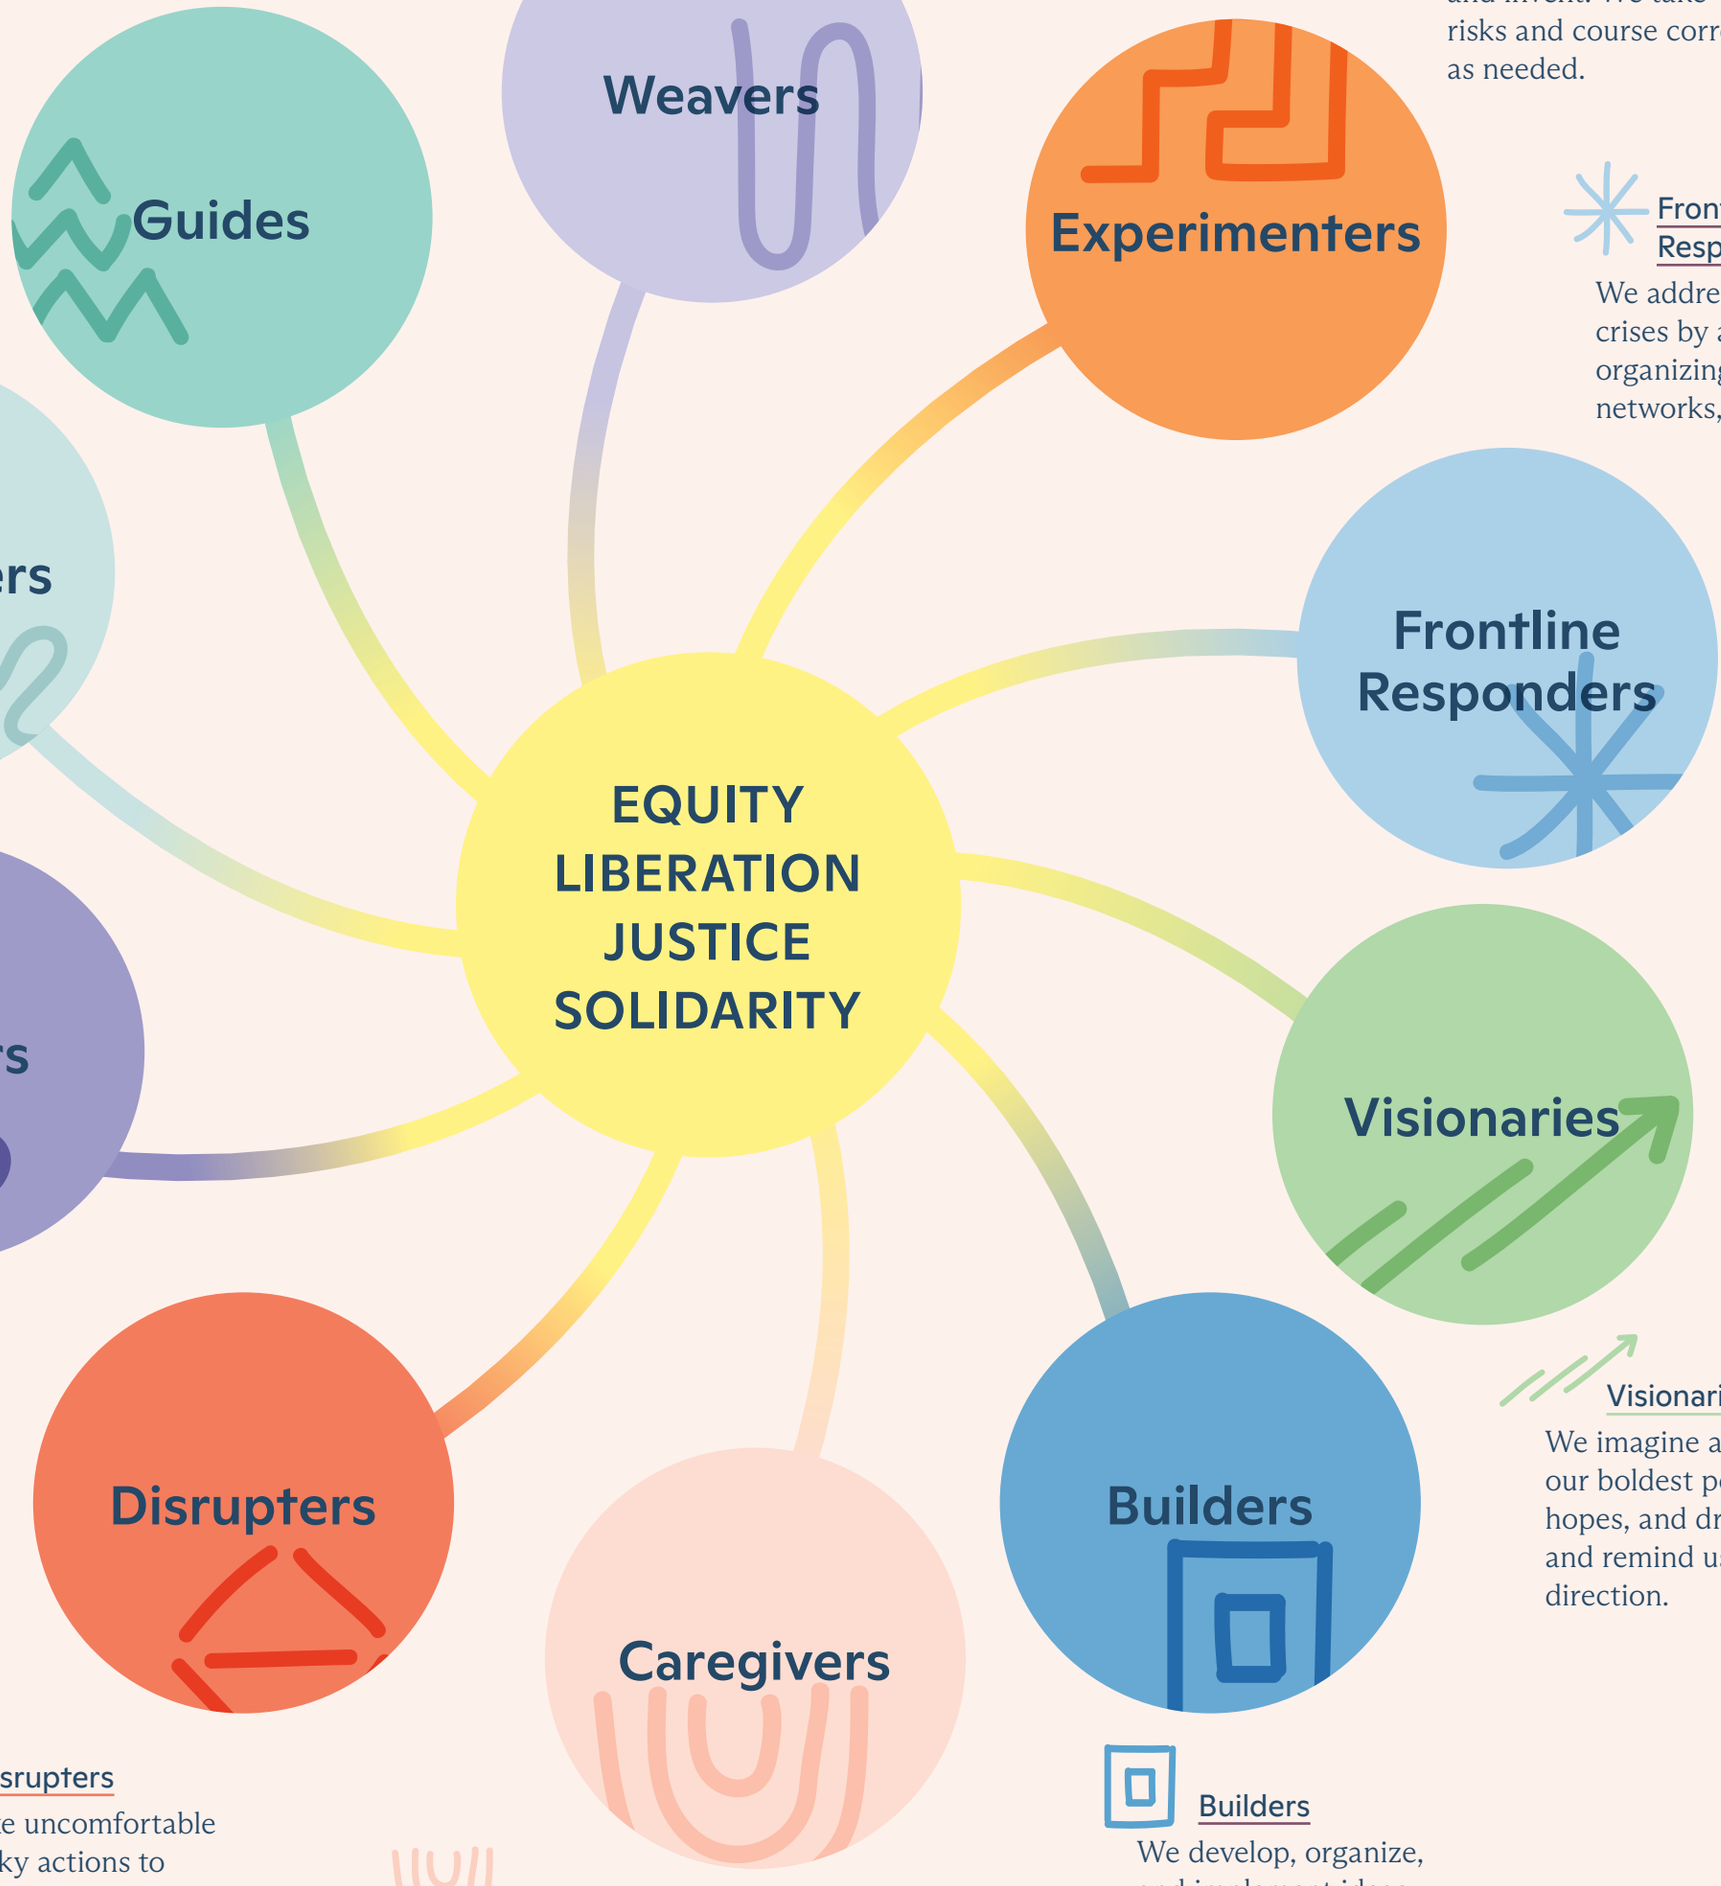
SOCIAL CHANGE ECOSYSTEM FRAMEWORK



Guides
We teach, counsel, and advise, using our gifts of well-earned discernment and wisdom.

Weavers
We see the through-lines of connectivity between people, places, organizations, ideas, and movements.

Experimenters
We innovate, pioneer, and invent. We take risks and course correct as needed.

Storytellers
We craft and share our community stories, cultures, experiences, histories, and possibilities through art, music, media, and movement.

Frontline Responders
We address community crises by assembling and organizing resources, networks, and messages.

Healers
We recognize and tend to the generational and current traumas caused by oppressive systems, institutions, policies, and practices.

Visionaries
We imagine and generate our boldest possibilities, hopes, and dreams, and remind us of our direction.

Disrupters
We take uncomfortable and risky actions to shake up the status quo, to raise awareness, and to build power.

Builders
We develop, organize, and implement ideas, practices, people, and resources in service to a collective vision.

Caregivers
We nurture and nourish the people around us by creating and sustaining a community of care, joy, and connection.
